

F

southwest Collection

Inspired by the region's *beauty* and *RUSTIC* textures,
The *look* of wood, the *performance* of urethane.

Introducing the Southwest Collection from Fypon®. An authentically styled collection of shutters, corbels, knee braces, rafter tails and beams that looks just like wood, but without wood's inherent problems. Crafted in lightweight, labor-saving, long-lasting urethane, each blends the rustic style of the southwest with the low-maintenance demands of today's homeowners.

- Eliminates problems inherent to wood including shrinkage, swelling, splintering, rotting & insect infestation.
- Factory primed and ready to be stained or painted prior to or after installation.
- Standard product ships within five days and is backed by a limited lifetime warranty.
